

*A new welcoming public library and
community space to accommodate all ages*

WF Education is delighted to have been involved in the ‘next chapter’ of Treorchy Library’s history. The development of this community Hub makes use of two cultural assets – the theatre and the library, to create a more modern and flexible space which can hold a wide range of events and activities.

The Rhondda Cynon Taf County Borough carried out extensive works to improve the facility and make the space more accessible to more users.

To expand the visitor experience and additional opportunities for revenue generation the project also included the addition of a multi-purpose gallery and exhibitions space.

The main lending library was completely remodelled to improve the user experience, along with the relocation and new design layout of the popular children’s area, accommodating a raised platform that can be used as a performance and storytelling space.

Councillor Rhys Lewis, Rhondda Cynon Taf Council Cabinet Member for Stronger Communities, Well-being and Cultural Services, said:

“The library is a focal point of the area, as are our libraries in towns and villages across Rhondda Cynon Taf. Their vital role within our communities was highlighted during the pandemic.”

When asked why Cantilibra™ was chosen for this project, the area manager Richard Reed, said:

“Cantilibra™ shelving is versatile, I can move it around whenever I feel like it.”

To discuss your next amazing library space, contact our team for a design consultation.

Designed by
WF Education

The Cantilibra™ solution is designed to showcase the books while maintaining a beautiful aesthetic within the library. Functional, scalable, and designed to last, Cantilibra™ brings a touch of modernism without fighting against the overall environment.

The layout of the spaces has been carefully designed by our design team which considers the surface area, the available space, and the needs of the library staff and patrons.

With choice of colours and materials, the versatility of our shelving means we have something for every taste and aesthetic. You can customise the shelving with different colours and finishes and add accessories, to create a truly bespoke design.

Our design team will be delighted to discuss your next amazing space.
